3. I doubt if surgical attendance on patients treated in the hospital can be regarded as work done for private persons. The work is done as part of official duties of the Medical Officer and the Medical Officer doing the work is remunerated with a share of the fees recovered under hospital rules from well to do (i.e. paying) patients, on account of the extra

work

work involved and in consideration of the fees realised. The case would seem to fall under the Note to Article 217-A(ii) C.A.C. under which the entire fees have to be credited as "Hospital receipts" and the payments debited to -- "Allowances, Honoraria" as at present done. The use of Refund bills for drawal of Medical Officer's share of fees seems also to be in order-c.f. Govt. of India Supplementary Rule 10(2). I think we may bring these points to the notice of the Accountant General but before this is done the Residency Surgeon may see for remarks.

Subject:- Fees. Medical and Surgical attendance. Division between Government and medical officers.

Sir,

I am directed to say that the Governor General in Council has had under consideration the question whether medical officers employed under the Central Government should be allowed a share in the fees for medical and surgical attendance realised from paying patients treated in Government or state-aided hospitals in centrally administered areas and has been pleased to decide that

(1) fees for medical attendance in such hospitals shall be credited in full to Government; and

(2) the fees realised for surgical operations shall be shared in the proportion of 60% to Government and 40% to the medical officer rendering the service.

2. He has also been pleased to direct that in hospitals where fees for medical attendance are at present shared between the medical officer and the Government or where the proportion of the fees for surgical attendance at present received by the medical officer is higher than 40 per cent., the present incumbents shall continue to receive a share of the fees according to the existing practice and the orders in paragraph 1

(Z) —

With reference to your letter No.F.446-39/G & A, dated 2-11-1939, on the subject mentioned above, I have the honour to state that in the circumstances stated by you, the existing procedure of crediting the fees as "Hospital Receipts" and debiting the Medical Officers share of the fees to "Allowances and Honoraria" may be continued. There is also no objection to the use of Refund bill forms for the drawal of the Medical Officers share of the fees, but the amounts due to Gazetted Officers may kindly be arranged to be drawn on separate bills by the officers themselves, instead of the full amounts being drawn on a single bill by the Medical Officer of the Hospital, as at present. The bills in respect of claims of Gazetted Officers may be countersinged by the Medical Officer of the Hospital.

I have the honour to be,
Sir,
Your obedient servant,

Shamoye
Asstt. Accountant General.

Subject:- Payment to members of Medical Boards or invalidating committees of their share of fees realised from Government servants including servants of Burma Government.

.....

Sir,

S.N. / Rs 560-38 (2)

I am directed to invite attention to the Government of India, Education, Health and Lands Department letter No.F.16-11/38-H., dated the 8th June 1938, conveying the decision that members of Medical Boards should receive, in cash, their share of the fees realised from candidates for appointment to posts in the All-India Services and to technical posts; and that, only one-fourth of the fees should be credited to Government. The Government of India have now, with the concurrence of the Auditor-General, decided to permit the extension of this procedure to the cases of Burma Government servants who are examined by Medical Boards or invalidating committees in India; and also to all such well defined cases where the amount of the fee and the amount of the Government's share are prescribed. Accordingly, in these cases the Government's share alone would be credited to the Government, the balance being paid by the examinees in cash to the Board at the time

of the..
